MASTERCLASS®

KITCHENS

The Timeless Collection

Established 1975 and Made in the UK

We have come a long way since we started our journey over 50 years ago and we are extremely proud of our heritage. What began as a one-man start up using second-hand machinery to manufacture furniture for friends and family, has now evolved into a successful second generation business with a combined manufacturing space, across two plants, of 200,000 square feet and over 250 members of staff.

We believe that you shouldn't have to compromise when it comes to your dream kitchen, that's why our attention to detail and passion for what we do has helped shape our unique and quintessential range of furniture that we offer our customers today.

Award Winning Kitchens

With over 16,000 different cabinet configurations and such a wide and varied range of furniture to choose from, it's no wonder we have picked up some awards along the way.

Choice is at the heart of every Masterclass kitchen design and with 22 ranges, 68 colours and 329 possible combinations to choose from, the journey to creating your dream kitchen begins here…

It Starts with a Conversation

We only supply our furniture through a network of approved and appointed kitchen specialists, who have the knowledge and skills to ensure you get the very best from your Masterclass Kitchen.

They will ask you to complete a kitchen wish list to highlight all of the things you ideally want from your new kitchen, before creating a design that's right for you, your lifestyle and your budget. Masterclass Kitchens are individually manufactured for each and every one of our customers, so it is unique to you and your individual space.

Find your nearest showroom using our website.

Where Memories are Made

The kitchen is so much more than just a place to cook. It has fast become the heart of the home and the hub of family life.

Whether it's enjoying breakfast on a sunny morning, relaxing with mid-afternoon tea, or catching up on the day's events sharing a meal with family and friends, your Masterclass kitchen will create memories that will last a lifetime and we hope they will be good ones.

Don't forget to share your very best memories with us on social media.

The Signature Collection

Quintessentially Masterclass, The Signature Collection is so much more than a range of highly desirable and iconic pieces of furniture. It is a lifestyle choice, committed to giving you the best possible experience when selecting what goes into your new kitchen.

A range of innovative, design-led storage solutions that are not only practical but beautifully bespoke in appearance. Which one will be your favourite?

Get the look

With ever changing trends and so many different things to take into consideration, we have carefully set out to create a brochure that is full of inspiration and design ideas, which will allow you to discover your dream kitchen.

To achieve your desired look, let us walk you through a variety of combinations that bring together colour, texture and design elements in ways that will set your kitchen apart. After all, we have spent over 50 years honing our craft and perfecting our range. Rest assured, you are in safe hands.

Discover a wide range of mix and match design options within each colour palette, including warming woods, striking stone and marble effect ranges, and modern flat slab-styled kitchens. You can then select the perfect storage and design features for your kitchen from the Signature Collection at the back of the brochure.

Let's talk about colour...

CHOOSING YOUR PERFECT COLOUR, TEXTURE AND FINISH

We have created a diverse colour palette that allows you to reflect your personality within your new kitchen.

Step 1

Our Cool and Warm palettes are the perfect starting point. Create a neutral scheme by mixing, matching, or contrasting warm and cool tones, or style your kitchen with a base colour and enhance it with an accent, texture, or both for impact.

Step 2

Be bold and embrace your favourite accent colour to bring flair and excitement to your design. It's the perfect way to personalise your kitchen and make it truly stand out.

Step 3

Add depth and glamour to your kitchen with textured elements such as stone, marble, timber, or a metallic-effect finishes. Many also come as matching worksurfaces, splashbacks, and upstands, shown in the range finder at the back of the brochure.

Step 4

Finally, choosing a handle in a complementary or contrasting finish will define your style and make a real design statement.

Step 1

Choose your *base tone*

The Warm Palette

IVORY | HERITAGE GREY | CHALK | HIGHLAND STONE | FARRINGDON GREY | STONE GREY | SUNSET | CLAY | LAVA | BURNT UMBER

The Cool Palette

WHITE | SCOTS GREY | LIGHT GREY | DUST GREY | CHARCOAL | GRAPHITE | ONYX

Step 2

Introduce an *accent colour*

Glorious Greens

SEA SALT | BEACH HOUSE | BISCUIT | SAGE GREEN | OLIVE | WILLOW | NEW FOREST | PINE GREEN | EVERGREEN | HUNTER GREEN

Blissful Blues

COASTAL MIST | WINDSOR BLUE

Blissful Blues

HEATHER SLATE | OXFORD BLUE | INKWELL | MOONLIGHT BLUE

Rosy Radiance

MULBERRY | WISTERIA | DUSTY PINK | VINTAGE ROSE | AUTUMN BLUSH | CLARET | ROSSO

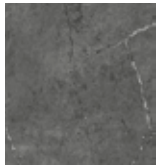
Step 3

Add some *texture*

Striking Stones and Marbles

SILVER OXIDE

PORCELANA GOLD



PORCELANA SILVER

URBAN SUEDE

LEVANTE MARBLE

CARRARA MARBLE

ARCTIC FROST

SILVER SHADOW

STORM CLOUD

EARTH STONE

Cabinets with Bi-Fold Doors

Cabinets with bi-fold doors are both a design statement and a practical addition to any kitchen space. Having doors that don't protrude into walking spaces is a luxurious feature when you're tight on space. Throw open the doors to new possibilities with bi-fold door options and you'll never need to compromise on style with our comprehensive offering.

- ✓ Perfect for tight spaces and a minimalist design
- ✓ Available in base cabinets, wall cabinets, tall cabinets and corner cabinet options
- ✓ Lifetime guarantee on all moving parts

Cabinets with Sliding Doors

Our sliding door cabinets are a great alternative to standard doors. The side-to-side mechanism stops doors protruding into walking spaces and soft close makes them a pleasure to use. They come with the benefit of internal lighting for added practicality and a wow factor that will bring a unique look to your home.

- ✓ Perfect for tight spaces and a minimalist design
- ✓ Included internal lighting, as standard
- ✓ Available ranges: Larna, Deco, Madoc, Milano and Ligna
- ✓ Lifetime guarantee on all moving parts

Utility and Laundry Room Organisation

Whilst the kitchens are the heart of our homes, utility rooms provide a practical workstation for the house, a dedicated area for laundry and space for other messy household chores. A well-planned utility room caters for washing baskets, ironing boards and vacuum cleaners. Our brand-new internal divider with dedicated ironing board storage ensures everything is perfectly stored when not in use.

- ✓ Dedicated ironing board storage
- ✓ Available for 500mm and 600mm cabinet widths
- ✓ Available for 1970mm and 2150mm larder heights

✓ Lifetime guarantee on all Blum moving parts

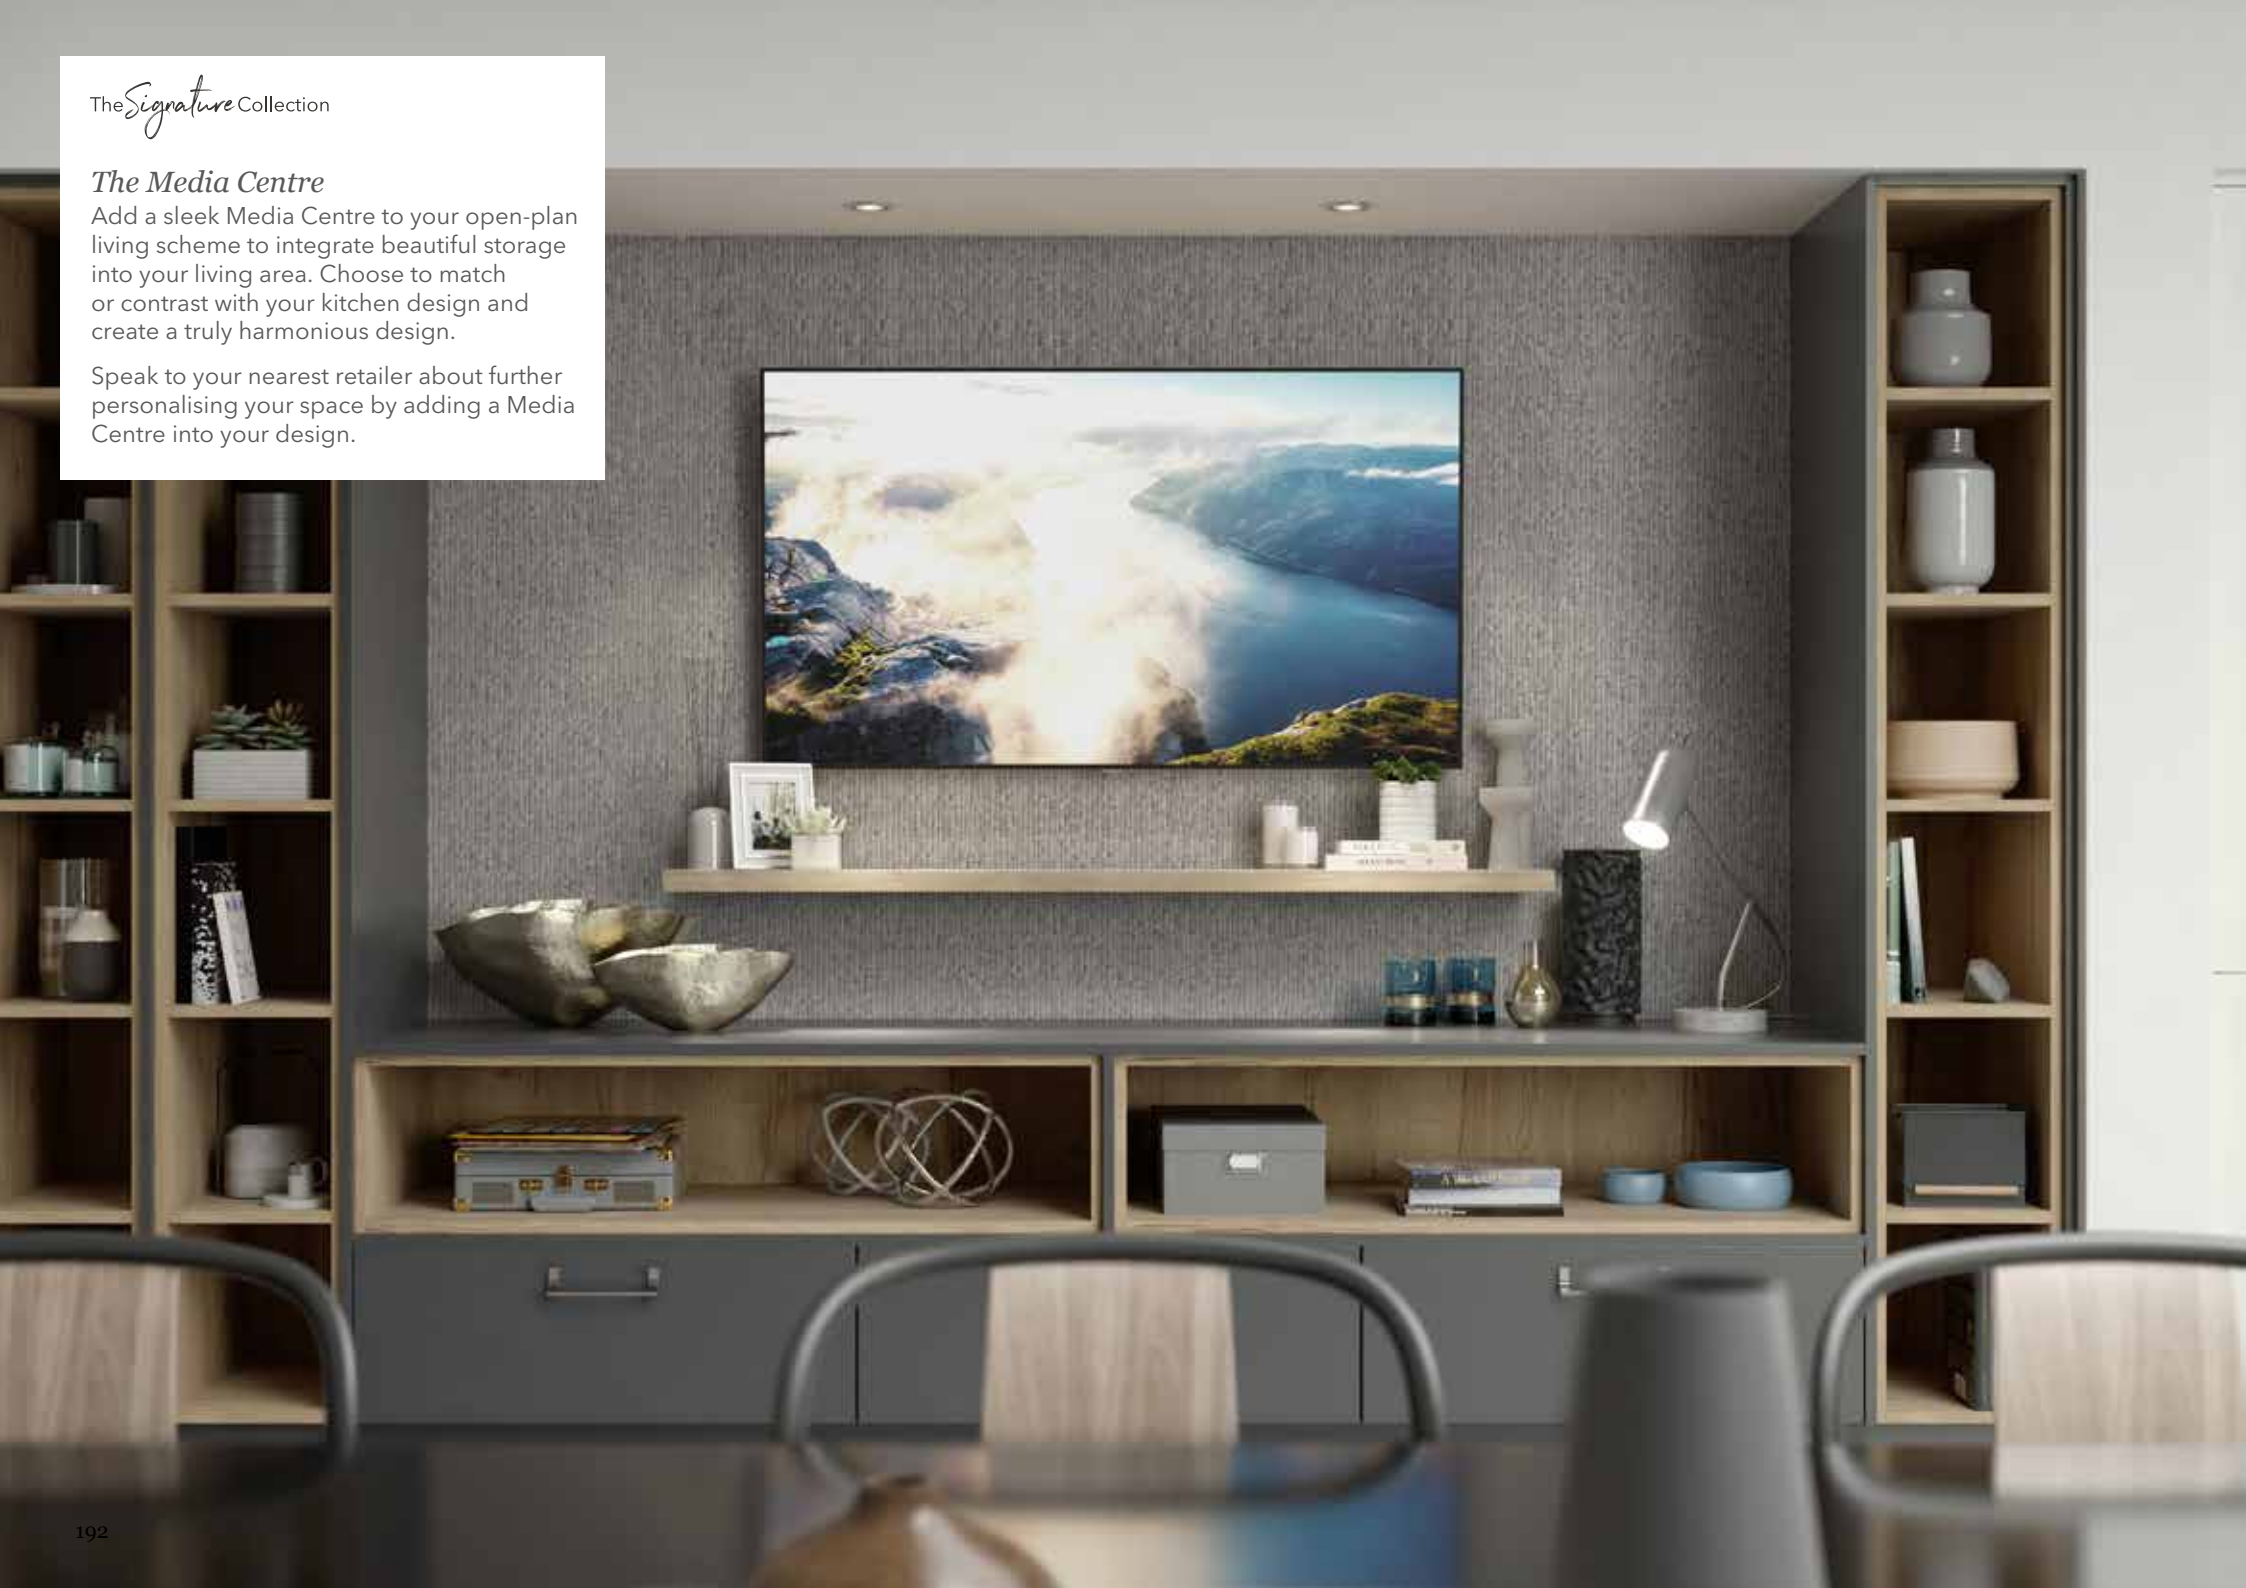
The Media Centre

Add a sleek Media Centre to your open-plan living scheme to integrate beautiful storage into your living area. Choose to match or contrast with your kitchen design and create a truly harmonious design.

Speak to your nearest retailer about further personalising your space by adding a Media Centre into your design.



Choose boldly. Why not?

We have taken you on a journey of colour, texture and finish. Along the way, we have explored how to mix and match different shades to create design statements that are personal to you. Maybe you've already found your winning colour combination. Was it our Warm Greys that caught your attention, or did you perhaps find yourselves captivated by our Blissful Blues?

There's no need to worry if you haven't yet found the dream combination to stop you in your tracks. The following pages will allow you to view all of our kitchen ranges, from Modern to Classic, as well as the compelling colour and texture options we have available.

Choose your colour. Choose your finish. **Choose Masterclass.**

Thinking inside of the box

OUR CABINETRY

How we live in our homes is evolving. Space-saving and easy to use storage solutions remain at the top of our wish lists, so we have torn up the rule book and opened the door to new opportunities.

Our cabinets are easy to use and offer you more space. By eliminating the need for old fashioned centre posts that appear inside most kitchen cabinets, we maximise every bit of available space and have increased the storage capacity by up to 30%!

Why not take a look at your current kitchen to fully appreciate the aesthetic and practical benefits that our market leading cabinetry can bring to your home?

✓ Lifetime guarantee on all Blum moving parts

✓ 10-year warranty on cabinetry

✓ 3-year warranty on door frontages and decor panels

Your Dream Kitchen

Can I buy directly from Masterclass Kitchens?

We manufacture our kitchen furniture and only supply via a network of approved and appointed kitchen specialists who possess the knowledge and skills needed to ensure you get the very best from your new Masterclass kitchen. They will be able to show you displays, samples and colour swatches of our products and design and install a kitchen to suit your budget.

Where can I find a Masterclass Kitchens retailer?

The first step of your journey to purchasing your Masterclass kitchen is to visit one of our approved platinum partner kitchen specialists. With new retailers opening up across the UK, your Masterclass retailer should never be too far away.

You can find their details at: **masterclasskitchens.co.uk/retailers**

What is the Masterclass Kitchens warranty?

All Masterclass kitchens carry a warranty to provide you with complete peace of mind.

Conditions apply, please refer to the website for our terms and conditions.

Alternatively, follow us on social media to keep up to date with latest trends, ideas and inspiration.

Environmentally Responsible

Our Brochure

By using PEFC paper, we are supporting sustainably managed forests globally. The PEFC logo ensures that the paper comes from sustainably managed forests and recycled and controlled sources. For more information on PEFC-labelled products, visit pefc.org

We use the paper-certified Carbon Neutral by the World Land Trust's Carbon Balanced Programme. The World Land Trust is an international conservation charity that offsets carbon emissions by purchasing and preserving high-value conservation land. For more information, visit carbonbalancedpaper.com

The inks used are vegetable oil based ensuring the brochures are suitable for recycling. Our printing partner holds the environment accreditation ISO 14001.

Our brochures are 100% kerbside recyclable.

100% RECYCLABLE

Our Kitchens

The board we use to create our kitchen cabinets is FSC® certified.

This means we support the conservation of wood as a resource. As a renewable material, it is sustainable; and nature-friendly management ensures the preservation of these areas. This is why we give priority to the processing of wood from certified forests. All wood purchased is monitored with a strict control process within the scope of the EUTimberReg and other forest certification systems.

We only work with FSC® and PEFC accredited forests, which are managed to the highest environmental, social and economic standards. Our supplier is the largest user of recycled material in the wood-based panel industry and focus on preserving the resource of wood.

Recycled wood makes up approximately 40% of a panel. Combined with material sourced by the forestry team, boards are made entirely from waste wood materials. We aim to use quality products that are fit for purpose with as little impact as possible on the environment in terms of waste pollution and energy use.

All packaging used to protect our kitchens during transit and installation, including any plastic banding, is fully recyclable and suitable for kerbside collection.

Please remember that whilst every care is taken to accurately represent the colours in this brochure, as a result of variables in the photographic and printing processes,they may vary from the actual product. The best way to make your final decision on colour and finish is to visit your local retailer who can provide actual samples. Also, as wood is a natural material, the colour, pattern of the grain and the finish may vary. E&OE.
